CARRANZA ASKS U.S. FOR SUPPORT ITALIANS CAPTURE ENEMY'S TRENCHES

FIERCE BATTLE AT MEXICO'S CAPITAL

Three Thousand Killed and Many Wounded and Missing after Four Days of Fighting

(By Associated Press.)
WASHINGTON, July 14.—Actual fighting for the possession of Mexico City began July 8th and continued until the 11th, according to Carranza agency advices. When the constitutionalists entered they found that the officials of the so-called convention government had fled in panic to Cuernavaca. Gonzalez immediately issued a manifesto regarding the conduct of the city during pacification and readjustment. In the fighting the enemy's losses were more than 3000 killed, with many more wounded and missing. It is expected that Carranza will soon request the moral support of the United States.

(By Associated Press.)
EL PASO, July 14.—A Carranza report says that General Villa has evacuated Aguas Calientes, retiring to Zacatecas. General Obregon is reported at Penuelos, ten miles south of Aguas Calientes.

DEATH OF SHERIFF IMPERIAL COUNTY

MOBLEY MEADOWS SAW HIS OWN STATUE BEFORE HIS DEATH

(By Associated Press.)
EL CENTRO, Cal., July 14.—Mobley Meadows, sheriff of Imperial county since it was carved out of the domain of San Diego, died today. He was 39 years of age, was born at Visalia, and leaves a wife and three children. He was one of the few ever to see his own statue, which was erected here typifying the spirit of the southwest. Meadows was a type of the frontier officer, tall, angular, bronzed, and able to shoot with both hands.

REBUILDING PLANS IN EAST PRUSSIA

IN SOME COMMUNITIES IT WILL BE NECESSARY TO BEGIN ANEW

(By Associated Press.)
KONIGSBERG, July 14.—Every town of importance in East Prussia that has suffered at the devastating hand of the Russians has decided to incorporate a municipal garden section in its plans for rebuilding. Many of the destroyed towns are so completely ruined that it is going to be necessary to raise what little is left and construct the whole community anew. This makes it eminently feasible to apportion off a section that can be devoted to the desirable city garden feature.

Many of the communities also are planning for a series of municipally constructed and owned houses for workmen, single home structures with two, three and four rooms, which can ultimately be purchased by their occupants on the familiar easy-payment plan.

Plans of this character are already well advanced in Gerdauen, Tapiau, Ortelburg, Lyck and other communities, and additional municipalities are preparing to follow suit.

HAVE BONANZA SENT TO SUMMER ADDRESS

Residents of Tonopah who are preparing to leave the city on their annual vacations may have the Bonanza forwarded to them at their summer addresses without any extra charge. Notify the circulation department when the change is desired and the paper will be forwarded promptly. Subscribers should advise the Bonanza of their return to the city so that the paper may be delivered at their home address.

TURKEY NOW READY TO QUIT

(By Associated Press.)
LONDON, July 14.—Reports from Balkan sources revise the rumor that Turkey is weary of war and eager for a separate peace. Some of the British press profess to believe that the rumors are not improbable, in that Turkey is beginning to feel the pinch of ammunition shortage at the Dardanelles by virtue of Rumania's refusal to allow munitions to cross her borders. Attacks made on Rumania by Berlin newspapers coincide in this theory, at least to the extent that Rumania's attitude in the question of arms and ammunition traffic is being felt.

HARRY THAW IS DECLARED SANE BY A JURY IN SUPREME COURT OF NEW YORK

(Special to the Bonanza.)
NEW YORK, July 14.—Harry Thaw was declared sane by a jury in the supreme court after hours of deliberation. Justice Hendrick has reserved decision as to the disposition of Thaw. The court's decision, the justice said, will be announced Friday. The jury acted in a capacity purely advisory to the court. The judge can reverse the verdict, should he deem it contrary to the evidence. In charging the jury, Judge Hendrick said the jurymen were not to concern themselves with any previous acts of Thaw.

NEW YORK GARMENT MAKERS' STRIKE IS SPREADING TO OTHER FACTORIES

(By Associated Press.)
NEW YORK, July 14.—The ranks of the striking pantsmakers were today increased by 11,000, making the total out on strike 21,000. The mayor's council of conciliation is discussing the matter and endeavoring to avert a strike of 50,000 women garment workers. The women are acting independently of the men, although their demands are the same—sanitary shops and the restoration of the old scale of wages. The union leaders say they are prepared to call out 70,000 more men if necessary.

HARRY RAMSEY IS FATALY STRICKEN FUNERAL AUTHOR OF MARSEILLES

CANCER OF STOMACH IS WAS COMPOSER OF THE MALADY NATION'S SONG

WAS ONE OF THE PIONEERS OF TONOPAH AND MADE A FORTUNE HERE

The host of friends of Harry Ramsey in this city will be grieved to learn that he has but a slim chance for his life. He was operated on at San Francisco several days ago for cancer of the stomach and the physicians held out no hope of his ultimate recovery. In fact, they say that he may not live more than a month or two.

Harry Ramsey was one of the pioneers of Tonopah. With Jack Salisbury and others he located the Fraction claim. They incorporated, Mr. Ramsey holding 60,000 shares of the stock. A lease was given to Uri B. Curtis, who sank a shaft and uncovered a big deposit of ruby silver. The stock went up from nothing to nearly \$4. Mr. Ramsey had sent his block to an eastern broker with instructions to sell, but he countermanded the order by wire later. It was then too late, the stock having been sold for \$2 a share, netting Mr. Ramsey a handsome fortune and immediately afterwards the bunch of high grade-mined out and the stock returned to a very low figure.

Mr. Ramsey was on the verge of making an additional fortune in Greenwaters, but he was making a tour of the world and could not be reached with an offer for his holdings. When he returned Greenwater had collapsed. It was a sad journey he took, for Mrs. Ramsey contracted Egyptian smallpox at Cairo and died shortly afterwards at Rome. Mr. Ramsey is a fearless and austere man in his mining undertakings, is a warm friend and is extremely liberal and charitable.

FOOD SUPPLY AT PANAMA IS LOW

INVESTIGATION BY AN ARMY OFFICER

NOT MORE THAN THIRTY DAYS' RATIONS IN THE ISTHMIAN REPUBLIC

(By Associated Press.)
PANAMA, July 14.—An investigation ordered by Lieut. Col. Chester Harding, U. S. A., acting governor of the Panama canal zone, has developed the information that no more than thirty days' supplies of food stuffs are available in the Republic of Panama and the Canal zone. The results of the investigation have been compiled into a lengthy tabulated report which has been sent to the war department at Washington.

Most of the available supplies are stored in the two cities of Panama and Colon. The stores available in the provincial districts are estimated sufficient for the interior population for perhaps six months. This is due to the fact that the merchants in the interior order larger quantities of staples than do the city merchants because of the lack of transportation. The report also brought out the information that there are probably 400,000 head of cattle within the borders of the country but they would not be immediately available owing to the difficulties of transportation to the canal cities.

The investigation was made with the view of ascertaining just how long the available food supplies would last in case of trouble between the United States and some foreign power which might be able to prevent the importation of food stuffs into the Panamanian republic and thus the Canal zone.

NEGRO SURROUNDED BY POSSE OF FARMERS

RESISTING ARREST FOR THE MURDER OF THREE WHITE MEN

(By Associated Press.)
MACON, Ga., July 14.—Three white men are dead at Cochran, and a posse of several hundred farmers has surrounded the home of a negro who is alleged to have killed the men. The negro has barricaded himself.

ITALIANS CAPTURE ENEMY'S TRENCHES

DIFFICULT FEAT OF TROOPS

Cannon Taken to Lofty Eminence to Direct Upon Austrians—German Advance Is on

(By Associated Press.)
LONDON, July 14.—German engineers are strengthening the defenses of Constantinople on a huge scale. A dispatch says that thousands of soldiers are working in the trenches. The water approaches are being mined and entanglements and concealed batteries are being placed. The battle line in France for the moment is furnishing the only news of pronounced military activity. The German struggle for Verdun is regarded by English observers as on in earnest. Assaults are being made on both Argonne and Woivre. Paris reports the checking of the German crown prince in his attacks in the Argonne region.

ITALIANS CAPTURE AUSTRIAN TRENCHES

(By Associated Press.)
GENEVA, July 14.—The Italians have captured two miles of Austrian trenches in the Carnic Alps, according to a dispatch. The Alpine troops dragged their artillery to a height near Roskofel, where the altitude is 6600 feet. The Italians are also said to have captured two important points south of Gorizia.

CAPTAIN AND MEN KILLED

(By Associated Press.)
LONDON, July 14.—The captain and four of the crew of the Swedish schooner Daisy were killed when the vessel struck a mine, off the Swedish coast, according to a dispatch.

GERMANS CAPTURE FRENCH POSITIONS

(By Associated Press.)
BERLIN, July 14.—It is officially announced that the Germans have captured French positions in the forest of Argonne with a width of more than a mile, in the thrust at Verdun.

HOSTILE AEROPLANES BROUGHT TO EARTH

(By Associated Press.)
BERLIN, July 14.—The German and Austro-Hungarian troops have so far brought down 135 hostile aeroplanes, according to the Cologne Gazette. The list includes 57 French machines, 47 British, 26 Russian and 5 Belgian.

In the Dardanelles the Turks have disposed of five English aeroplanes, and eight more English aeroplanes have been interned in Holland after landing there by mistake. No figures have been made public as to the losses of the German air corps.

TELEGRAPH SERVICE IS UNSATISFACTORY

BUSINESS IMPEDED BY POOR WORKING AMERICAN-NORWEGIAN LINE

(By Associated Press.)
CHRISTIANA, June 14.—The telegraph service between Norway and the United States, which is limited to the lines by way of England, has become so unsatisfactory as to be a matter of grave annoyance to Norwegian business. It sometimes takes as much as a week for the exchange of messages by cable and sometimes the cablegrams disappear altogether. In addition to the delays caused by the British censorship and the crowded condition of trans-Atlantic cables, there is trouble because of the breaking of two direct cables between Norway and England.

The Norwegian royal telegraph department has been seeking guarantees that the work of cable repairing will not be interfered with by the German warships, but has been unsuccessful. Through the courtesy of the Great Northern Telegraph company in Copenhagen, the government has been able to use a cable via west Jutland and Newcastle directly to London but this has not relieved the difficulties about which the Norwegian business concerns complain.
